Vibrus Group 2.0 — Project Genesis Master Architecture Prompt

> **Role for ChatGPT:** Strategic Chief Architect & Creative Director
> **Role for Antigravity (AG):** Lead Implementation Engineer & Local Builder
> **Client:** Sharon (Operations Lead) & Executive Management (Paddy & Achla), Vibrus Group LLC
> **Workspace Path:** `D:\VibrusGroup Website`
> **Target Deployment:** Vercel Hosting (Enterprise Edge, Next.js App Router, Tailwind CSS, TypeScript)

📋 Instructions for Sharon

Copy and paste everything below the divider into **ChatGPT**. ChatGPT will step into the role of **Chief Architect**, analyze our complete data extraction, and provide the exact structural, component, and technical directives for **Antigravity (AG)** to execute directly in `D:\VibrusGroup Website`.

markdown

MISSION BRIEF: Vibrus Group Official Website Rebuild (Project Genesis Model)

Hello ChatGPT! You and Antigravity (AG) are pairing together to design and build the brand-new, official, 10/10 production website for **Vibrus Group LLC** (replacing the legacy vibrusgroup.com), targeted for deployment on **Vercel**.

THE COLLABORATION WORKFLOW (Project Genesis Style):

- **YOUR ROLE (ChatGPT):** Strategic Chief Architect & Creative Director. You formulate the technical blueprints, page UX hierarchies, interactive feature designs, polished enterprise copywriting, component schemas, and architectural guardrails.

- **ANTIGRAVITY'S ROLE (AG):** Lead Implementation Engineer & Full-Stack Builder. AG is actively running in the local Windows environment with terminal access, Node/Python toolchains, file editors, and Vercel CLI at D:\VibrusGroup Website. AG takes your modular architectural specifications and builds them into production-ready Next.js code.

- **OPERATIONS LEAD (Sharon):** Vibrus Group Operations Lead who oversees the build, coordinates with executive management (Paddy & Achla), and provides final review and approvals.

1. COMPANY PROFILE & EXECUTIVE CONTEXT

- **Company Name:** Vibrus Group LLC
- **Status:** Women Owned Minority Small Business Enterprise (WMBE)
- **Experience:** Principals and staff possess over 30 years of combined experience in staffing and healthcare.
- **Headquarters:** 31201 Chicago Road South, Suite B202, Warren, Michigan 48093
- **Primary Phone:** (248) 443-5100
- **Fax:** (248) 443-5115
- **Official Inquiries:**
- **Recruitment / Resumes:**
- **Core Counties Served (Local Michigan Coverage):** Oakland County, Wayne County, Macomb County (and expanding statewide across Michigan & US).
- **Executive Leadership:** Paddy & Achla (Executive Leadership / Owners), Sharon (Operations Lead), Alex Stanley & Alen Winston (Scheduling & Operations).
- **Core Philosophy:** "Single Source - Specialized Solutions" | "Experience! Reliability! Expertise!" | "We deliver what we say, 24 hours a day, 7 days a week!"

2. COMPLETE AUDIT OF THE LEGACY WEBSITE (Scraped & Cataloged)

AG has executed a complete, 21-page deep scrape of vibrusgroup.com and downloaded all 38 original image assets. Below is the full inventory of every division, service line, job classification, and compliance guarantee currently in place. **Rule: We must preserve 100% of this business domain knowledge so no service or position is lost.**

A. All 21 Legacy Pages Discovered:

1. / (Homepage)
2. /about-us/ (EEO, E-Verify, WMBE profile)
3. /vibrus-difference/ (Value proposition, 24/7 service guarantee, Total Quality improvement)
4. /divisions/ (Division hub)
5. /divisions/healthcare-solutions/ (Medical staffing, private duty, living assistance)
6. /divisions/healthcare-solutions/medical-staffing-services/ (Continuity of care, Team Staff, MSP, RPO, International Nurse Recruitment)
7. /divisions/healthcare-solutions/private-duty-services/ (1-on-1 skilled nursing, case management, respite care)
8. /divisions/healthcare-solutions/living-assistance-services/ (Non-medical home assistance, ADLs, companionship)

9. /divisions/healthcare-solutions/job-classifications/ (Comprehensive clinical, rehab, allied, and administrative roles)
10. /divisions/office/ (Admin, records management, call center support)
11. /divisions/professional/ (Direct hire, management, accounting, logistics, HR)
12. /divisions/info-tech/ (Software, architecture, database, network, security)
13. /divisions/industrial/ (Warehousing, machine operators, assembly, forklift, logistics)
14. /divisions/hospitality/ (Front of House, Back of House, banquets, culinary)
15. /careers/ (Overview of career opportunities)
16. /careers/healthcare-careers/ (Candidate value proposition, weekly pay, bonus programs)
17. /careers/general-careers/ (Staffing opportunities across all other verticals)
18. /apply-here/ (Job application entry point)
19. /testimonials/ (Client feedback and quotes)
20. /contact-us/ (Warren HQ details, contact form)
21. /sitemap/ (Legacy link directory)

B. Legacy Divisions & Exact Job Classifications to Preserve:

1. Healthcare Solutions:

- **Clinical Services:** Registered Nurses (ER, OR, ICU, CCU, Labor & Delivery, Pediatrics, Neonatal, Ortho/Neuro, Oncology, Med/Surg), Licensed Practical Nurses (LPNs), Certified Nursing Assistants (CNAs / Certified Aides).

- **Rehab Services:** Physical Therapists (PT), Physical Therapist Assistants (PTA), Physical Therapist Technicians (PTT), Occupational Therapists (OT), Certified Occupational Therapist Assistants (COTA), Speech & Language Pathologists (SLP), Respiratory Therapists (RT).

- **Healthcare Management & Support:** Records Managers, Health Information Managers (HIM), Medical Office Managers, Quality Managers, Claims Processing Clerks, Medical Coders (ICD-10/CPT), Insurance Clerks, Health Unit Coordinators (HUC), Medical Billing Clerks.

- **Allied Health Services:** Medical Assistants (MA), Medical Technologists (Med Tech), Sterile Processors / Sterile Techs, Phlebotomists, Ultrasound Technologists, Radiologists, Radiology Technicians, Radiation Techs, Nuclear Medicine Techs, CT / MRI Technologists, Laboratory Technicians, Pharmacists, Pharmacy Managers.

- **Specialty Healthcare Programs:**

    - *Continuity of Care Program:* Dedicated recurring staff familiar with facility protocols.

    - *Team Staff Program:* Dedicated cohort managed by an on-site single point of contact coordinator.

- *Managed Services Program (MSP):* Streamlined vendor management to contain overtime and acquisition costs.

- *Recruitment Process Outsourcing (RPO):* End-to-end talent acquisition.

- *International Nurse Recruitment:* Ethical global clinical sourcing and immigration sponsorship model.

- *Private Duty & Living Assistance:* 1-on-1 skilled nursing and non-medical ADLs (Personal care, light housekeeping, meal prep, companionship, errands, medication reminders, respite care).

2. Industrial, Warehouse & Logistics:

- Forklift Operators, Commercial & Delivery Drivers, General Machine Operators, Warehouse Associates, Production Workers, Assembly Technicians, Retail/Merchandise Stockers, Pick & Pack Specialists, Sorters, Industrial Cleaners, General Laborers, Certified Welders, Metal Fabricators.

3. Office & Administrative:

- Executive Assistants, Administrative Assistants, Customer Service Representatives (CSR), HR Support, Legal Support Staff, Receptionists, Secretaries, Word Processors, Scanning & Document Clerks, Records Clerks, Records Managers, Data Entry Specialists, Mail Room Personnel, Billing & Collections Specialists.

- *Call Center Support:* Inbound & Outbound Sales, Technical Support Reps, Help Desk Specialists, Quality Monitors, Team Supervisors.

4. Professional & Executive Search:

- Executive Management, Operations Managers, Directors of Nursing (DON), Account Managers, Buyers & Purchasing Agents, Staff Accountants, Accounts Payable (AP) / Accounts Receivable (AR) Specialists, Logistics Coordinators, Human Resources Generalists & Managers.

5. Information Technology & Engineering:

- Software Engineers, Full-Stack / Web Developers, Cloud & Solutions Architects, Systems Architects, Business Analysts, Configuration & Release Managers, CRM / ERP Functional Consultants, Data Warehouse Engineers, DBAs, ETL Developers, Hardware & Network Engineers, Project Managers, QA Automation Engineers, Cybersecurity Engineers, Telecom Engineers, Technical Writers.

6. Hospitality:

- *Front of the House:* Banquet Captains & Servers, Banquet Set-Up Crews, Bussers, Front Desk Agents & Cashiers, Coat Checkers, Coffee Baristas, Display Cooks, Hosts & Hostesses, Line Servers, Food Station Attendants, Waiters / Waitresses.

- *Back of the House:* Executive Chefs, Sous Chefs, Banquet Cooks, Grill Cooks, Line Cooks, Pantry Cooks, Pastry Chefs, Rounds Cooks, Culinary Workers, Dishwashers, Kitchen Stewards.

3. CRITICAL DEFICIENCIES OF THE CURRENT SITE (Must Be Fixed 10/10)

1. **Outdated Platform:** Built in 2017 on 1&1 IONOS SiteBuilder (201.sb.mywebsite-editor.com), leaving exposed editor session fragments and non-semantic tables.

2. **SEO Catastrophe:** The homepage meta description literally reads: *"Vibrus Group in Southfield offers services for business and finance"* — this is completely misleading, Southfield is an old address (HQ is Warren, MI), and it completely omits Healthcare and Industrial staffing.

3. **Outdated Clinical Terminology:** Mentions "ICD9/CPT Coders". ICD-9 was federally replaced by ICD-10 in 2015. We must modernize to ICD-10 / ICD-11 & CPT.

4. **Severe Candidate Friction:** The current "Apply" button abruptly redirects candidates off-site to a clunky third-party Jobsoid board (vibrus.jobsoid.com), causing severe drop-off for mobile clinicians and shift workers.

5. **Absence of B2B Client Ordering:** Healthcare facility staffing coordinators and warehouse managers currently only have a generic 3-field contact form with a captcha. There is zero ability to quickly order a shift, request an urgent rate card, or upload a requisition.

6. **No Real-Time Trust Architecture:** The site lacks visible credentialing badges, live dispatch indicators, interactive county coverage maps, or mobile-first design.

4. THE 10/10 REBUILD SPECIFICATIONS (For Vercel Deployment)

Tech Stack Recommendation:

- **Framework:** Next.js (App Router, React 18/19, TypeScript)
- **Styling:** Tailwind CSS with modern design tokens (Deep Navy #0F172A, Crisp Slate #F8FAFC, Vibrant Royal/Cyan #2563EB / #0D9488, Warm Gold #D97706)
- **Icons & Micro-interactions:** Lucide React icons, Framer Motion for subtle transitions
- **Deployment Platform:** Vercel (Edge network, automated CI/CD, SSL, maximum Lighthouse performance)
- **Forms & Intake:** Server Actions / API routes with enterprise validation (Zod) and automated email/webhook notifications

Core Architecture Requirements:

1. **Dual-Funnel Conversion Engine (Split Hero):**
    - **Funnel A (For Healthcare & Industrial Facilities):** "Request Staff On-Demand" → 3-step rapid shift request modal (Shift type, facility location, urgency, contact info).

- **Funnel B (For Healthcare & Skilled Professionals):** "60-Second Express Mobile Apply" → Streamlined role selection, phone/email, and resume upload.

2. **Enterprise Trust Bar:**

- 24/7/365 Live Dispatch Guarantee (30-minute callback commitment)
- LARA Licensed & Michigan State Compliant
- Joint Commission Aligned Credentialing
- E-Verify & Equal Opportunity Employer
- Women Owned Minority Small Business Enterprise (WMBE)
- 425+ Michigan Healthcare Facility Network & 100+ Industrial Partners

3. **Dedicated Division Hubs:**

- Deep-dive landing pages for **Healthcare Solutions** (Nursing, Allied, Therapy, Non-Medical Living Assistance) and **Industrial & Logistics** (Manufacturing, Warehouse, Assembly, Skilled Trades), plus secondary tabs for Office, Professional, IT, and Hospitality.

4. **Compliance & Credentialing Showcase:**
    - Clear explanation of 100% compliant background checks, 10-panel drug screens, license verifications, OIG/SAM checks, and TB/immunization compliance.
5. **Interactive Michigan Coverage & Facility Locator:**
    - Highlighting Tri-County (Oakland, Wayne, Macomb) and statewide Michigan staffing capabilities with Warren HQ prominent.

5. WHAT WE NEED FROM YOU (ChatGPT) NOW:

Please act as our **Chief Architect** and provide Antigravity (AG) with the **Phase 1 Master Architectural Blueprint**:

1. **Recommended Information Architecture & Sitemap:** Exact route structure for Next.js App Router (/, /divisions/..., /employers, /careers, /apply, /about, /contact).
2. **Design System & Typography Token Specification:** Specific Tailwind color palette, font pairings (e.g., Inter / Plus Jakarta Sans / Outfit), spacing, and component

conventions.

3. **Split Hero & Homepage Layout Wireframe:** Section-by-section breakdown of the high-converting homepage.

4. **Dual Intake Form Schemas:** The exact fields, validation rules, and UX flow for:

    - Form 1: *Facility On-Demand Staff Request*
    - Form 2: *Candidate 60-Second Express Application*

5. **Copywriting Polish for Core Value Propositions:** Elevated corporate copy retaining 100% of Vibrus Group's legacy strengths while giving it a multi-million-dollar modern polish.

6. **Execution Directives for AG:** A bulleted, chronological checklist telling AG exactly which folders, components, and files to create first in D:\VibrusGroup Website.

Take the floor, Chief Architect!
